# LIVING LONGER ISN'T THE ISSUE. LIVING WELL IS.

Pennsylvania is home to 3.4 million older adults, the fifth highest total in the United States.

Closer to home, **96,358 people in Delaware County are aged 65 and older, roughly 18% of the population.** In addition, according to recent statistics from COSA (Delaware County Office of Services for the Aging), the population of individuals aged 60 and over continues to grow at a rate of more than 16%--one in every five County residents is 60+.

The Delaware County Commerce Center estimates 7,685 County residents will turn 65 this year.
